

DNA – CLUES TO YOUR HERITAGE

**NORDEN CLUB
SEPTEMBER 16, 2019**

**PHYLLIS ERICSON, GENEALOGIST
AND PAST PRESIDENT**

Over 1000 years ago, the Vikings were a dominant force in the world. Were they our ancestors? Did you inherit Viking DNA?

Today, are your DNA results protected? Should you worry about the police using DNA results to catch criminals?

In this program, we'll answer these questions and more. Find out how to make sense of your DNA results.

Discover how DNA results can predict ethnicity.

Learn how your DNA can connect you to cousins and reveal recent ancestors.

Decide which DNA test and testing company is best for you.

Whether you have or haven't taken a DNA test, either way this program is for you!

Come learn about DNA and what it can tell you about your family history.
